BAFRA/MoAF/2021/9.1/188

August 20, 2021

**OFFICE ORDER**

This is to inform all the BAFRA Field Offices to follow the standard inspection process as below during export inspection and certification of all RNR produce:

1. Any exporter wishing to export RNR produce should bring their consignment to the designated depot or BAFRA Office for necessary inspection and certification as required under existing laws or importing countries requirements.
2. The exporter shall be responsible to make the consignments ready for inspection (such as packing, untying, unpacking, unloading, loading, tying, etc.). Thereafter, the BAFRA officials will engage in the inspection process.
3. If the exporters do not carry out the requirements as indicated under point 1 and 2, BAFRA officials shall not inspect the consignment and will not be issued with the required certificates

Please note that the BAFRA officials shall not be responsible for any damage caused to the consignment while the exporter prepares the consignment for inspection.

Issued for strict compliance.

  
 (Dr Tashi Samdup)
