

Investment Ready Project Template

Fields	Description
Sector/Industry	Indicate the specific sector or industry of the project (e.g. Agro-processing, Tourism, Renewable Energy, Manufacturing, ICT, etc.).
Project Status	Specify whether it is a New Project or an Existing/Expansion Project.
Proponent or Company Details	Provide a brief background of the promoter(s) or company, including name, experience, and any relevant achievements.
Project Details	
Product or Service Description	Provide a concise overview (100-150 words) of the main activity, product(s), or service(s) offered. Highlight innovation, quality, or demand drivers.
Location	Mention the existing or proposed project location (Dzongkhag, gewog, industrial park or private land if applicable).
Capacity	Specify the production capacity or service delivery scale (e.g., 1,000 MT/year, 50 room resort, 5 MW solar plant).
Available Area	State the land area available or secured for the project in acres or square meters (only if land is already allocated or owned).
Market	Description of the target market and customer. Domestic or international market, tourists etc.
Project Implementation Timeline	Provide the expected timeline for project development, including start date and when operations are expected to begin.
What is the attractiveness of the project?	Explain what makes the project attractive
Photo or Visual	Upload an image or concept visual that represents the project (e.g. design plan, site photo, product image).
Financial Overview	
Total Project Cost	Indicate the total investment cost including all capital expenditures (CAPEX) required for project development.
Local Partner's Equity	State the amount of investment the Bhutanese/local partner will contribute to the project
Foreign Investor's Equity	State the amount of investment the company is seeking from the foreign investor.
Projected Revenue	Provide annual revenue earning potential from the project
Detailed Project Report	
Detailed Project Report	Submit the Detailed Project Report
